SHEQ / HSE / HSSE LEADERSHIP

Experienced industrial safety leader with 12+ years across refinery and petrochemical construction, footwear manufacturing, and edible-oil operations in Vietnam. Build practical HSE/SHEQ governance that connects risk assessment, legal compliance, fire and emergency preparedness, audit readiness, workforce capability, and corrective action. Founder of two live digital control tools that demonstrate a differentiated ability to translate SHEQ requirements into accountable operating workflows.

Core Competencies

- **HSE / SHEQ / HSSE Leadership:** Occupational health and safety, risk management, industrial safety, safety governance, safety KPI thinking, incident response, contractor coordination, and management reporting.
- **Management Systems & Compliance:** ISO 9001, ISO 14001, ISO 22000, OHSAS 18001-aligned practices, legal compliance review, internal audit, customer/corporate audit readiness, CAPA, and environmental compliance.
- **Field Control & Readiness:** JHA, machine risk assessment, fire safety, emergency preparedness, fire drills, safety training, safety communication, P&ID and technical-document comprehension.
- **Continuous Improvement & Digital HSE:** Lean, Kaizen, 5S, digital workflow design, AI-assisted regulatory review, risk-analysis support, and management insight.

Professional Experience

SHEQ Manager

Oct 2018 — Present

North Continental Oils & Fats Vietnam (NORTALIC) — Musim Mas Group

Thanh Hoa, Vietnam

- Lead integrated Safety, Health, Environment, Quality, and Fire Prevention & Fighting governance for a vegetable-oil manufacturing operation.
- Established and maintained SHEQ procedures, annual plans, operating standards, site controls, legal-compliance reviews, fire-system inspections, emergency drills, and internal audit routines.
- Advise factory leadership on risk, incident response, training priorities, budget planning, regulatory engagement, and customer/corporate audit readiness.
- **Operating scope:** Factory SHEQ governance, fire prevention and fighting, audit interface, and statutory engagement in a manufacturing environment of approximately 300 employees. HSE team size and budget authority: **[TO BE CONFIRMED]**.

HSE Manager

Aug 2017 — Sep 2018

Annora Vietnam Footwear

Vietnam

- Led HSE execution in a fast-moving footwear manufacturing environment serving a global sportswear supply chain.
- Directed workplace safety, fire and explosion prevention, health protection, and environmental controls; established HSE supervision procedures and weekly reporting routines.
- Conducted machine risk assessments, coordinated safety communication, and followed through on machine-guarding improvements.
- **Operating scope:** Footwear manufacturing HSE, machine risk assessment, and workforce safety communication. Reporting line and HSE team size: **[TO BE CONFIRMED]**.

HSSE Manager

Jul 2014 — Jun 2017

LILAMA CORP — Nghi Son Refinery & Petrochemical Project

Thanh Hoa, Vietnam

- Managed HSSE supervision in a complex refinery and petrochemical construction setting; coordinated contractor safety activities and incident-response discipline.
- Developed HSSE supervision procedures, training plans, safety meetings, and weekly management reporting.
- Supported safety leadership in a refinery complex with a 10-million-tonne annual design processing capacity.
- **Operating scope:** Construction HSSE supervision, contractor coordination, and site incident response. Contractor and site scale: **[TO BE CONFIRMED]**.

Selected Performance Evidence

- **30% lower occupational accident rate at Annora** — Candidate-provided operating metric; role context: HSE Manager, Aug 2017–Sep 2018. Evidence available on request.
- **8-year accident-free operating record at NORTALIC** — Candidate-provided operating metric; role context: SHEQ Manager, 2018–present operating record. Validation context available on request.

- **7M+ safe working hours without LTA** — Candidate-provided operating metric in the applicable operating record; not independently verified.

Digital HSE & AI Practice

Founder / Product Builder, SHEQ Command Center (<https://sheqvn-dash.vercel.app>) Live product evidence

- Founder-built live application connecting incidents, risks, audits, CAPA, and compliance evidence into a controlled operating flow for traceability, ownership, and management visibility.

Founder / Product Builder, ActLegal — Compliance Action Map (<https://actlegal.vercel.app>) Live product evidence

- Founder-built live application that translates regulatory change into structured impact review, accountable owners, due dates, control actions, and completion evidence.
- **Evidence discipline:** AI accelerates review and follow-through; professional SHEQ judgment owns the decision. Any estimated implementation impact requires site-data validation and is not presented as historical performance.

Selected Credentials

- ISO 9001:2015 Quality Management System Foundations; OHSAS 18001:2007 & ISO 14001:2015 (BSI Training Academy); ISO 22000:2018 (Musim Mas Group).
- 30-Hour OSHA Construction Safety and Health; Construction Site Fire Safety Manager; Scaffolding Inspector; Chemical Safety in the Workplace; Managing Health & Safety: Legislation and Risk Assessment.
- Strategic Leadership and Management (University of Illinois Urbana-Champaign / Coursera); Generative AI for Executives and Business Leaders (IBM / Coursera); Safety in the Utility Industry (University at Buffalo / Coursera).

Education & Languages

Hanoi University of Mining and Geology

University degree

Vietnam

2007 — 2012

- Vietnamese (native) and English: professional communication; technical and commercial document comprehension.
