01 CAREER FIT

CAREER AT A GLANCE

2014-2017 HSSE MANAGER Refinery & Petrochemical Construction	2017-2018 HSE MANAGER Footwear Manufacturing	2018-PRESENT SHEQ MANAGER Edible-Oil Manufacturing
---	--	--

THREE INDUSTRIAL ENVIRONMENTS

REFINERY / PETROCHEMICAL High-risk construction, contractor coordination and complex site HSSE exposure.	FOOTWEAR MANUFACTURING Large workforce, machinery risk, production intensity and workforce communication.	EDIBLE-OIL MANUFACTURING Integrated SHEQ governance, fire prevention, compliance, emergency readiness and management assurance.
--	---	--

CORE MANAGEMENT SCOPE

Risk Management	SHEQ Governance	Legal Compliance	Safety Systems	Fire & Emergency Readiness
Audit & Assurance	Workforce Capability	Continuous Improvement	Digital HSE / AI	

HSE leadership with hands-on Digital HSE / AI capability, including live founder-built products.

NORTALIC

8-YEAR ACCIDENT-FREE OPERATING RECORD

SHEQ MANAGER | 2018–PRESENT

Edible-oil manufacturing · approximately 300 employees

Integrated SHEQ governance · Fire Prevention & Fighting · legal compliance · audit / assurance · emergency readiness · management engagement

SELECTED OWNERSHIP

- SHEQ procedures, annual plans and operating standards
- Fire-system inspections and emergency drills
- Legal compliance reviews and audit readiness
- Management review, corrective actions, workforce capability

EVIDENCE STATUS: Candidate-provided operating record.

ANNORA VIETNAM FOOTWEAR

30% LOWER OCCUPATIONAL ACCIDENT RATE

HSE MANAGER | 2017–2018

Footwear manufacturing · approximately 30,000-worker operating environment

HSE management · machine risk assessment · safety communication · HSE procedures · machine-guarding follow-through · reporting

SELECTED OWNERSHIP

- Workplace safety, health, environmental and fire controls
- Machine risk assessment and safety communication
- HSE supervision and weekly reporting

EVIDENCE STATUS: Candidate-provided operating metric.

LILAMA CORP / NSRP PROJECT

7M+ SAFE WORKING HOURS WITHOUT LTA

HSSE MANAGER | 2014–2017

Refinery & petrochemical construction · 10M tonnes/year design capacity as project context

HSSE supervision · contractor coordination · incident-response discipline · safety meetings · training plans · weekly management reporting

SELECTED OWNERSHIP

- Site HSSE supervision and contractor safety coordination
- Weekly management reporting and incident-response discipline
- HSSE procedures, training plans and safety meetings

EVIDENCE STATUS: Candidate-provided operating record; applicable operating record.

WHY INTERVIEW ME

- | | |
|---|---|
| <p>01 12+ years across multiple industrial HSE/SHEQ environments.</p> <p>03 Systems-based approach to risk, compliance, critical controls, field verification and continuous improvement.</p> <p>05 Hands-on Digital HSE / AI capability, including live founder-built products.</p> | <p>02 Hands-on HSE/SHEQ management experience, including an approximately 300-employee manufacturing environment.</p> <p>04 30%, 8-year and 7M+ operating records, clearly labelled by evidence status.</p> |
|---|---|

“I do not manage isolated HSE activities. I manage a risk-control system.”

Illustrative management thinking model.

RISK-CONTROL OPERATING FLOW

THREE INDUSTRIAL WORLDS → ONE TRANSFERABLE HSE OPERATING MINDSET

Refinery / Petrochemical → high-risk construction + contractor complexity · Footwear → large workforce + machinery + production intensity · Edible oil → integrated SHEQ + fire + compliance + emergency.
